

TriNetX Demo and Training Session: Introduction to Clinical Trial Optimization

Workshop Description

Learn how healthcare organizations leverage the TriNetX global health research network and real-world data platform to assist their investigator-initiated studies, attract industry-sponsored clinical trial opportunities, collaborate with researchers across institutions, and generate real-world evidence for award-winning scientific publications. This session will include a live demonstration of the TriNetX platform.

Workshop Start Time

US - Pacific	US - Mountain	US - Central	US - Eastern	BRT (Brasilia)	BST (British Summer Time)	CEST (Central European Summer Time)	SAST (South Africa Standard Time)	IST (India Standard Time)	JST (Japan Standard Time)	AEST (Australian Eastern Standard Time)	AEDT (Australian Eastern Daylight Time)
Mon 8:30 AM	Mon 9:30 AM	Mon 10:30 AM	Mon 11:30 AM	Mon 12:30 PM	Mon 4:30 PM	Mon 5:30 PM	Mon 5:30 PM	Mon 9:00 PM	Mon 12:30 AM	Tue 2:30 AM	Tue 3:30 AM

Registration Fee

No Fee

Target Audience

New TriNetX Users, PIs, epidemiologists, public health researchers.

Presented by

TriNetX Customer Success Management Department
TriNetX Clinical Sciences Department

TriNetX is the global health research network that connects the world of drug discovery and development from pharmaceutical company to study site, and investigator to patient by sharing real-world data to make clinical and observational research easier and more efficient. TriNetX combines real time access to longitudinal clinical data with state-of-the-art analytics to optimize protocol design and feasibility, site selection, patient recruitment, and enable discoveries through the generation of real-world evidence. The TriNetX platform is HIPAA and GDPR compliant. For more information, visit TriNetX at www.trinetx.com or follow [@TriNetX](https://twitter.com/TriNetX) on Twitter.
